DETAILED ACTION

This action is responsive to the Amendment after Non-Final filed May 19, 2009. Claims 1, 3, 6-10, 12, 15-19, 21, 24-27, 30-34, 36-41, and 57-59 were pending. *Claims 1, 3, 6-10, 12, 15-19, 21, 24-27, 30-34, 36-41, and 57-59 are allowed.*

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach neither singly nor in combination, the claimed limitations of "a storing step of storing a management table in a storage medium, wherein the management table provides, for each computer resource managed by the operating system, access right information comprising access rights, each represented by a series of basic operations for accessing computer resources, and conditions under which the access rights are validated; an interception step of intercepting an access request for a first computer resource from a process, before the access request is transferred to the operating system, a monitoring step of monitoring all the basic operations for accessing computer resources; a registration step of, when the process secures access to the first computer resource, registering a correspondence between the process and the first computer resource in a storage medium; a cancellation step of, when the process releases the first computer resource, cancelling the correspondence between the process and the first computer resource; and examining the monitoring result to see whether there is a series of basic operations associated with the process and the first computer resource which when considered together, is consistent with one of the access rights." as stated in claims 1, and similarly stated in claims 10, 19, 32-34,

Art Unit: 2441

and 36-41. These limitations, in conjunction with other limitations in the independent claim, are not specifically disclosed or remotely suggested in the prior art of record. A review of claims 1, 3, 6-10, 12, 15-19, 21, 24-27, 30-34, 36-41, and 57-59 indicated claims 1, 3, 6-10, 12, 15-19, 21, 24-27, 30-34, 36-41, and 57-59 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian J. Gillis whose telephone number is (571)272-7952. The examiner can normally be reached on M-F 7:30-5:00.
